

IRIS ALERT FORM URGENT

Incarnation School utilizes the Immediate Response Information System (IRIS) which is a notification system that will enable us to communicate directly and quickly with every parent in our school community via telephone and email.

IRIS will be used to deliver not only routine messages but more importantly it will be used for emergency messages. This notification system will allow Incarnation School to deliver an instant emergency message to the entire school community within minutes. The only way it can be effective is if it is used properly. Please notify the 2nd Floor Office whenever your contact information changes.
